NOTICE OF INTENT TO ISSUE TENTATIVE APPROVAL
CAUSE NO. M/015/062
BEFORE THE BOARD OF OIL, GAS AND MINING
DEPARTMENT OF NATURAL RESOURCES, STATE OF UTAH

IN THE MATTER OF TENTATIVE APPROVAL OF A LARGE MINING NOTICE SUBMITTED BY ECDC ENVIRONMENTAL, L.C., EMERY COUNTY, UTAH

THE STATE OF UTAH TO ALL OPERATORS, TAKERS OF PRODUCTION,
MINERAL AND ROYALTY OWNERS, AND PARTICULARLY ALL PER-
SONS INTERESTED IN SECTIONS 36, TOWNSHIP 15 SOUTH, RANGE
11 EAST, AND SECTION 1, TOWNSHIP 16 SOUTH, RANGE 11 WEST,
SLBM, EMERY COUNTY, UTAH.

Notice is hereby given by the Division of Oil, Gas and Mining of its intent to issue tentative approval to EDCD Environmental, L.C. (ECDC) for a Large Mine Notice of Intent, filed in preparation to Commence Mining Operations. The name of the mining operation is the ECDC Jay Project. Mining activities will effect the following areas: SE/4, Section 36, Township 15 South, Range 11 East; NE/4, NW/4, Section 1, Township 16 South, Range 11 East; NW/4, NE/4, Section 1, Township 16 South, Range 11 East, SLBM, Emery County, Utah.

ECDC submitted a Large Mine permit application (Mining and Reclamation Plan) to mine natural source clay material existing at or close to the ground surface. The person representing the company is Mr. Gary Neilson, Manager of Landfill Operations, 1111 W. Highway 123, P.O. Box 69, East Carbon, Utah 84520. Phone (801) 888-4451.

ECDC is fulfilling obligations under the Utah Mined Land Reclamation Act of 1975 (Section 40-8, UCA, 1953, as amended) with specific reference to Section 40-8-18 and will employ the following mining and reclamation techniques on approximately 18 acres of state and private land.

During Operations: ECDC will mine a shallow open pit for bentonite clays. The clay will be excavated using D-9 dozers and 988 loader. It will be crushed and screened, then hauled approximately 18 miles along existing county and state roads to the ECDC landfill near East Carbon for use as liner and cover material for the landfill. The operator plans to excavate approximately 130,000 cubic yards of clay in a period of 90 days.

Following Operations: ECDC will backfill and regrade mined areas to slopes no steeper than 2h:1v. Roads and pads will be ripped and regraded where appropriate. All reclaimed areas will be mulched, fertilized and reseeded with an approved seed mixture. All equipment and structures will be removed from the site. Portions of the access road leading into the site will be left for post-mine landuse.

Any persons or agency aggrieved by this notice of intent to issue tentative approval is hereby requested to submit written protest within thirty (30) days of the date of publication to Division of Oil, Gas and Mining, 355 West North Temple, 3 Triad Center, Suite 350, Salt Lake City, Utah 84108-1203, setting forth factual reasons for his or her complaint, and thereafter, at a time and place to be established, appear before the Board of Oil, Gas and Mining to show cause, if any, why this Notice of Intention (mine plan) should not be approved.

DATED THIS 25th day of May, 1993.

STATE OF UTAH
BOARD OF OIL, GAS AND MINING
/s/ James W. Carter, Director
